Red Cross Completes A Splendid Record

Nye county Red Cross chapter has completed its work and suspended operations in compliance with orders from the Pacific coast chapter following the signing of the armistice. The local Red Cross will maintain its organization so as to be ready for any emergency. The rooms have been closed, the sewing machines have been disposed of and all surplus material has been sold and the money converted into the treasury. In the event that there is any further call for work the active members, who have been so generous in the past, will be called on to take a small quota to their homes to complete.

In the period between March 1, 1918, and January 13, 1919, the work of the Nye county chapter under the direction of Mrs. James McQuillan and Mrs. J. A. Solstrom, sent out the following articles: Absorbent pads, 5249; gauze compresses, 11875; gauze wipes, 8980; scutcheon bands, 1354; triangular bands, 362; abdominal bands, 90; four tail bands, 78; sweaters, 145; woolen socks, 785; pairs; helmets, 64; muffs, 33; wristlets, 39; bed shirts, 2516; pajamas (12 piece), 793; women's chemise, 1000; girl's petticoats, 1000; men's flannel shirts, 587; boys' suits (12 piece), 500; girls' dresses, 500; girls' night gowns, 500; bed socks, 112 pairs; baby shirts, 250.

HENRY LAMB HELD KNIGHTS GET BUSY LONGER IN FRANCE WITH OUR SOLDIERS

Henry Lamb, son of Mr. and Mrs. Alvin Lamb, has not arrived in New York as believed by his parents as a subsequent letter states he is stationed at La Pare d'Hotel de la Sonnerie, Contraxville, France, which has been converted into a hospital for the casualties of the American expeditionary force. Young Lamb entered the artillery but was transferred to the infantry, where he saw service in the trenches, going over the top several times. The nature of his injuries has not been fully described except that it is known that he was gassed and is suffering from injuries to one arm and deafness resulting from the gas. The boy evidently was disappointed in securing home transportation when he wrote that he would be in Tonopah about the first of February as his latest letter states that he may not return to the United States before October.

Denis N. Nolan, state deputy, Knights of Columbus, has received a communication from the western department with activities with headquarters in the Phelps Building, San Francisco, inviting active cooperation with the employment bureau. "Jobs for men who finished the big job over there."

With this as their goal, the Knights of Columbus have begun a nationwide movement to place in positions the men of the United States army and navy now being demobilized.

Organization of the western branch of the Knights of Columbus employment service is being planned by Albert G. Bagley, director of war activities in the western department, whose jurisdiction covers Washington, Oregon, California, Nevada, Arizona, Montana, Idaho, Utah and Wyoming.

Bagley has already inaugurated a survey of employment conditions in those states, as they effect the demobilized men of the service, and has called for daily reports on the situation from all his assistants as to the demand for positions and the means of meeting them.

"We will not consider the war work of the Knights of Columbus finished," said Director Bagley, "until these men are placed in positions which will enable them to make a new start in life. We will not feel the obligation of the Knights of Columbus to the American public has been met if these men who completed the big 'world job' in France are left to shift for themselves as soon as they take off their uniforms."

SHEEPMEN HAPPY AFTER THE STORM

Sheriff Jack Barrier and his deputy, B. N. Bateman, returned Saturday night from a week out in the hills looking up sheep taxes. The former reports that the ranchers are delighted with the prospects for the coming year and the sheepmen are beginning their flocks further west than they have done in many years. The last bunch encountered was in the vicinity of Ellendale where a band of wolves had not been seen for two years. This is due to the prevalence of snow which enables the flocks to venture further out from the hills and scatter through the lower valleys. While coming home the two officers ran into the snowstorm ten miles beyond Warm Springs and from that point into Tonopah had to break a trail all the way through drifts that in some places were three feet deep while on the level the snow lay to a depth of 15 inches.

W.B. EVANS FOREMAN OF THE GRAND JURY

The grand jury was empaneled this afternoon by Judge Averill, who enjoined them to see that all laws were enforced regardless of the consequences. The jury organized by electing W. B. Evans, foreman. The other members are R. A. Shipley, Mrs. Maybelle Mayberry, Forest Lovelock, James Clifford, R. Fred Brown, Ralph Wardle, W. H. Roberts, Mrs. Jesse L. Simmons, F. S. Burrell of Pioneer, Thomas H. Griffin, W. H. McAlister, Mrs. Grace Ryckman, Mrs. Martha Trubert, J. Henderson, Julius Smith, Alexander McLean. Jay Carpenter, manager of the Monitor Belmont, was excused owing to the pressing nature of the work before him; Mrs. F. B. Weir was excused owing to the illness of her son, and George L. Dugan had to be excused since he could not get over the divide during the snow storm.

REWARD

A suitable reward will be paid for information leading to the location of M. B. Gardner, station foreman at Millers, Nev., in months of April and May, 1918. Or Jas. Flynn, section man, at main line junction during same period. Address, Nevada Industrial Commission, Carson City, Nev.

CUT ALIMONY BILL BUT CANNOT PAY IT

In the arguments for the allowance of alimony in the Saric case the amount claimed by the plaintiff was cut in half by being reduced to \$50 a month which amount Saric claims he cannot pay since he is out of work and unable to earn more than a pittance from his lease on the Montana. It is said that he has been receiving current funds from a backer who has faith in the Montana lease making into high-grade. In addition to the \$50 a month, attorney's fees of \$100 and court costs amounting to \$12 were ordered to be paid into court in two weeks.

GUM SHOE AGENTS INVADE THE CAMP

If you meet a peculiarly sanctimonious individual pursuing investigations into the conduct of the various ice cream parlors and soft drink emporiums you will know you have set eyes on one of the agents of the California smelting committee which has been sent in here to procure evidence to sustain the report that Tonopah is a devil's own town with out any moral sense or respect for the dry law. These smelting agents have been here since Saturday but the boys got their number early in the game and it is stated that some of the gentlemen will be treated to the surprise of his life before he succeeds in escaping from town.

ELKS HAVE PAST OFFICERS CELEBRATION TOMORROW EVE

Tomorrow night Tonopah lodge, No. 1062, will have a special program conducted by the past exalted rulers who will occupy the chairs. Nomination of officers for the ensuing year also will be received. At the conclusion of the lodge a regular old time feed will be served.

STORM GENERAL OVER THE STATE

The long looked for snow storm, for which ranchers throughout Nevada have been hoping for several weeks began Friday night and according to predictions of the weather bureau, the present storm may prove to be a big one covering the entire state.

The storm which brought five inches of snow to Reno and vicinity Friday night covered the entire western and southern part of the state and early Saturday had spread over the northeastern part of the state, a trace of snow being reported at Winnemucca with indications for more snow to fall there.

The center of the storm yesterday was in the vicinity of Reno but it moved southward and was centered over Tonopah Saturday and according to the weather bureau the eastern and northern parts of the state should receive considerable snow. The temperature, about freezing in all parts of the state, is about right for a heavy snow storm.

INDIGNANT OVER NEW GAMING BILL

CARSON CITY, Feb. 2.—Discontent of the Boomer gambling bill is general among members of the legislature and various expressions are heard. All agreed that it is about the most drastic gambling bill in so far as prohibition features are concerned, although violations of its provisions are defined as gross misdemeanors.

Under the bill as introduced card playing in any form would be absolutely prohibited, and it would be a misdemeanor to play any game of cards for a cigar or for the usual "two-bits a corner," a pastime which is practiced in most of the homes without any very injurious results having been reported up to date. Such games, however, would come under the classification of "gross misdemeanor" according to Boomer's bill.

Possession of machines, cards, devices or other paraphernalia used to play any of the tabooed games also would be a gross misdemeanor.

The job of enforcing the act is placed primarily on the superintendent of the state police, but sheriffs, members of the police department and all peace officers are assigned the duty of making arrests for violations and confiscating all illegal apparatus used in playing the illegal games.

The bill is aimed at horse racing, and makes that feature of betting illegal. But few expressions in favor of the bill as submitted could be heard, and it is likely to emerge from the public morals committee in a shape that will make it unrecognizable by its author.

You Can Expect More From GOODYEAR TIRES

BACHELORS AND BENEDICTS HOLD INFORMAL DANCE

The Bachelors and Benedicts club of Tonopah have sent out invitations to an informal dance to be held at the Alderson on Wednesday evening February 5th, when a five-piece jazz orchestra under the leadership of Randolph Parker will disengage some new first class music. Dancing will begin at 8:45. The committee in charge consists of J. Fred Brown, J. E. McManahan and William T. Brown.

WORTH L. WISWALL WILL NOT LOSE EYESIGHT

Miss Edith Wiswall, of the West End office, has received assurance from Dr. Robinson, the Reno oculist, that her brother will not be wholly deprived of vision in the eye injured by the recent explosion. The most comforting thought was the statement that there was no infection and therefore the case was not complicated by any complications. Mrs. Catherine Smith, former domestic science teacher here, was among those who called on the young man.

AMUSEMENTS

JACK PICKFORD IN "HUCK & TOM" TODAY

A lot of absorbing interest is today known to nearly everyone, is to be the attraction at the Butler today. This is "Huck and Tom" or "The Adventures of Tom Sawyer" from Mark Twain's immortal book, "Tom Sawyer." Jack Pickford appeared some time ago in "Tom Sawyer" and so great was his popularity and so much material was available that the producers decided to continue the production in a second and third picture. Tom Sawyer, added and altered by the producers, while Jack Pickford, in his thrilling and humorous adventures, including a murder and being able to save a man's life by their testimony as well as being married in a scene where they discovered an old man who had been hidden there for years. The story spirit of youth and fun and American boyhood are to be found throughout the entire series of this picture. The very name of which has endeared itself to the heart of every boy and girl in America. It is a genuine treat, to be sure, as this is the best of the Tom Sawyer series. Added to the program will be the latest Pathé News, a motion picture which at once gives every audience—everywhere.

TIGSHEAD AWAITING OWNER AT THE POSTOFFICE

Postmaster McQuillan has a fine tigshead at the post office awaiting a claimant. The tigshead was found in the regular way without any tag showing where it originated or to whom it was addressed. If any person has been advised that the tigshead has been mailed them by parcel post they are to have the same by return.

JARBIDGE BOOMING

The mining camp of Jarbridge, in northern Elko county, is employing new men every day, and new values are being developed steadily in the orebodies. The ore is returning an average value of \$14 a ton, and the big Elko mill is grinding out 100 tons daily.

SUMMER IS COMING, SAYS BRER GROUNDHOG

If the groundhog ventured out yesterday, Candlemas day, he must have remained outdoors for the spring as there was not the ghost of a shadow to frighten him back into his hole. The day was raw and threatening and an attempt to snow brought a few flakes toward evening.
